

Starfruit

FUN FACTS

Starfruit is believed to be originated from Sri Lanka!

It has become so popular that it is now grown in parts of America- Florida, Hawaii, and Puerto Rico!

It is harvested when it is green and then as it ripens, it turns more yellow. Each fruit has 5 distinctive ridges running down the sides and when it is cut crossways, it forms a perfect STAR!

It is low in calories but packed with vitamin C, fiber, and antioxidants!
